My name is Elizabeth THOMPSON, and I am the founder of (Les Services) Maid In Montréal. After raising three children I have learned to organize and clean with maximum efficiency. And from business I learned the importance of satisfying customer needs.

We know from our own experience that housework can be a pain for those with demanding schedules. Time-draining chores can ruin your off-time and add stress to an already hectic life. Life seems better, calmer and more ordered in a clean and neat dwelling.
