

My name is Jonathan PRATT.

I highly recommend the services of Maid in Montréal. Although I am not a regular customer I have found myself stressing over the tasks at hand, and calling service after service in the phone book. To my amazement, nobody replied to the affirmative when asked about dishes, windows, and other chores...that is until I reached Maid in Montréal. What a great job, and so quick.

The owner insists on doing every new clients residence herself, and provided me with a copy of her drivers license and passport, as well as her personal address—for my assurance.
